Foreword

As you turn through the pages of your 1957 GOLDEN DRAGON, we hope that the classes, organizations, and activities that are portrayed will recall to your mind the happy memories of days spend at Junction City High School.

In this annual we hope to preserve many laughable and cherished memories that otherwise would be forgotten.

You might find some imperfection but we know that you sympathize with our efforts in endeavoring to bring you an annual that you will always treasure.

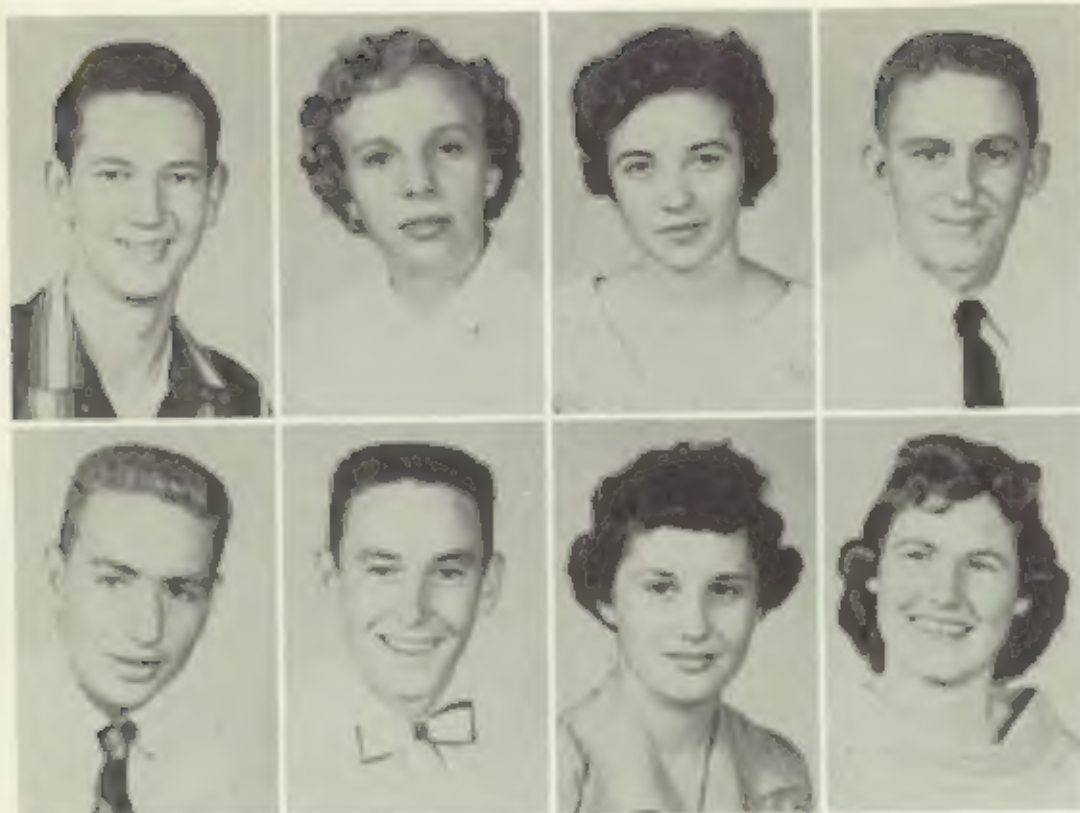

THE STAFF

Dedication

To our helpful and understanding teacher who has rendered every service possible to uphold the spirit of Junction City High School; to one who has worked without ceasing for our educational improvement; to one who encouraged us and guided us in all our undertakings; who in his years at Junction taught us willingly, faithfully and with fullest capacity, we, the Annual Staff of 1957, proudly dedicate this edition of "The Golden Dragon" to our very own--

Mr. V. L. Davis

Superintendent's Message

MR. R. L. BOLEN
B.A., Louisiana Tech
M.S., University of Arkansas

Dear Students,

Fruits cannot be grown without the previous planting of seeds. Great leaders do not arise spontaneously in the midst of a people; they come because they have been nourished and developed by conditions and institutions.

The seeding times of leadership are the days on the high school and college campus; but the campus does not supply the results only the hopes and dreams.

It is our sincere hope that you who are leaving us, and you who shall remain, will have nourished your hopes and dreams; we hope we have helped plant in you the desire to become the worth while citizen and leader we know you are capable of being.

Sincerely,

Handwritten signature of R. L. Bolen

Sign of... **A GOOD NEIGHBOR**

Producer of more than 70 *Petroleum* and *Chemical* products for Transportation, Industry and Agriculture, Lion Oil Company is proud of its leading role in the development of the South's industrial potential

Lion sends to market each year the equivalent of more than 65,000 railway carloads of products from its three manufacturing plants in Arkansas and Louisiana. It pays approximately \$17,500,000 yearly to 3,000 employees in wages and benefits, and it pays another \$17,000,000 in taxes. Altogether, Lion puts nearly \$100,000,000 into circulation annually throughout its territory.

Industrial development is going ahead in the South on a bigger scale than ever before. Lion Oil Company continues to lead the way with the most advanced methods of manufacturing, finding and producing vital raw materials, and in scientific research. The result: more jobs, better products for consumers, conservation of resources and more efficient use of those resources. No wonder that to Southerners, the Sign of the Lion has truly become the *Sign of a Good Neighbor!*
